## Pitch In -Clean Up!

A SPRING CLEANING - MAY 13

Many hands make light work so, with everyone's help, let's clean up Mattapoisett! There have been many Earth Day activities in towns done by various groups, but rarely has a town ever helped itself. The Mattapoisett Youth Committee is asking everyone to pitch in and help on Saturday, May 13th, between 10:00 and 2:00 to give our town a "spring cleaning". All that needs to be done is to pick up the litter and trash around your neighborhood, or more energetic souls can go to bad trouble spots such as Ned's Point, North Street or Shipyard Park. The Mattapoisett Youth Committee will have a center set up in the parking lot of St. Anthony's Church to receive trash. They will sort what is brought in and clean and flatten cans for recycling. All you have to do is the collecting. The Bent Twig has offered to take the things

that are prepared for recycling. A special bonus - a prize will be awarded to the person who brings in the most trash.

### CLEAN-UP WEEK

At an announced time in the near future, Mattapoisett Selectmen plan to ask the Highway Department to furnish one or two trucks for a town-wide clean-up. Home owners will, at that time, be able to have leaves, branches and other debris too bulky for the regular pick-up collected. This clean-up will take place this month.

## Mischief Threatens Recycling

Mattapoisett's monthly paper collection weekends have been plagued the past several months by malicious mischief at the Barstow Street collection site. occur constantly. Carefully stowed stacks of neatly bundled paper within the collection van are discovered an hour later ripped apart and scattered helter-skelter all over the van and blowing out the door. Volunteer workers try to regather the parking lot litter, and restore order to the van, only to face the same frustrating disorder a few hours later. Unconfirmed reports indicate that "young boys" have been seen "playing with the papers in the van" on collection weekends. Even more serious is the evidence of cigarette smoking in and around the collection site. The ages of these youthful "intruders" have been estimated as ranging from seven years to twelve years. This is a fervent request to parents of youngsters in that age group who reside in the center of town. The May collection weekend will be this weekend, May 6th and 7th, and the collection van will be stationed as usual on the Barstow Street parking lot of the Congregational Church. Please forbid your youngsters to play in the specific area; it could be exceedingly dangerous for them. If the mischief continues this weekend, then this must be the final collection weekend.

### Scholarship Drive

#### "DOLLARS FOR SCHOLARS" - THIS WEEKEND

This weekend of May 6th and 7th will be the annual "Dollars for Scholars" weekend fund drive in Marion, Mattapoissett and Rochester. An intensive door-to-door campaign will be waged by student and adult volunteers throughout the entire tri-town area, and all residents are urged to support this excellent cause.

This will be the tenth year that the Old Rochester Chapter of the Citizens' Scholarship Foundation has participated in this program. Through the generosity of the citizens and the organizations of the three towns, many area high school graduates, who urgently needed financial assistance, have been able to pursue advance education opportunities. As college costs skyrocket ever higher every year, an increasing number of qualified high school graduates are forced to apply for Scholarship Aid.

The need for assistance is exceedingly apparent. A response to this need is the citizens' prerogative.

Obviously it will be impossible to make contact with every single home in the tri-town area this Fund Drive Weekend. Resi-

first day was spent in torrential downpours, with some snow later in the day. President Jim Holt and 9 members of the Explorer Post, with Barry Denham as advisor, put in their canoes at Exeter, R.I. Dr. Charles Hutchings acted as advance scout and liaison man for the group.

it necessary for the Explorers to wade the canoes for quite a distance. It was a little cool for wading, with temperatures in the upper 30's. There were many portages, and the brush on the banks was so heavy the river was almost impassible. The heavy brush and occasional fallen trees across the stream made travel slow.

By late afternoon, snow was falling and the Explorers camped on the property of the Cold Foot Farm. They were tired, wet and cold by the time they rigged their half shelters over the canoes, but a good fire helped dry them out and feel a little more human. Most of the sleeping bags had been kept dry, so the Explorers were able to keep warm Thursday night, and get a pretty good night's sleep.

The next morning brought bright sunshine, and

## Travel SAFETY

When you're driving down the highway on a long trip, it's easy to become almost hypnotized by the white stripe or the taillight of the car ahead. Keep your reactions sharp and ready to deal with emergencies by shifting your focus occasionally, and don't drive too long without a break.

If you're taking medicine for a chronic ailment, ask your doctor for an extra copy of the prescription before you start out on a trip abroad. Explain the circumstances fully, so he'll write the prescription in a form that's recognized internationally. This will save precious time if you lose your medicine.

\*\*\*\*

Travelers checks let you carry your ready money in a form that's refundable "on the spot" if lost or stolen. Available through most banks, First National City Travelers Checks are refundable in more places than any other around the world or in the U.S., are accepted everywhere, and come in convenient denominations from \$10 to \$1,000.

\*\*\*\*

When driving long distances, limit yourself to 300 miles per day—tops. Don't try to break your own endurance record or you might break something even more valuable.

\*\*\*

If you're a poor plane traveler, get as much sleep during the trip as possible. Drink plenty of water and avoid alcohol, which tends to dry out the body, and you'll arrive in finer fettle.

everyone's spirits were raised. That day's canoeing took them through the Great Swamp. It was necessary to portage five or six times, around dams, bridges and waterfalls. The waters travelled were pure and clean, except for a chemical plant passed Friday, which was discharging waste water directly into the stream. After passing the plant, the water smelled badly and was filled with sludge, although it eventually cleared up again.

Saturday, the group was joined by Advisor Carl Nelson and Donald Grace, and proceeded further down the river. The canoes were taken out Saturday afternoon and the group returned to Mattapoissett that evening.

## Letter to The Editor

As a parent and life-long resident of Mat-tapoisett I would like to express my feelings about the youth programs we have. I have spent two most enjoyable nights with the youth of this town. On Wednesday night I took my daughter to the Frontier Room for pizza sponsored by the Sports Committee to celebrate the end of the basketball season. I enjoyed myself even with all the noise. My daughter was quite thrilled as I'm sure the other girls and boys were who received awards for improving in a sport most knew nothing about when they started. As a mother of five girls and a former sports minded teenager, I am thrilled to see that girls are finally being recognized. I tried to help with the girls basketball this year as I was told they

needed parents to volunteer. I thoroughly enjoyed myself and feel a lot of parents are missing out on the growing up process of their kids. The girls and boys want to play sports and are proud to have their parents to help out or even watch. I know mine are.

INTERIOR & EXTERIOR PAINTING (Insured)

On Friday night I was invited as were others to an International Dinner put on by the Cadette Girl Scouts. I help out with a Junior Girl Scout Troop and was happy to attend. It was an experience I will soon not forget. The dinner was buffet style with dishes from different countries, the names and description written out and set before each dish. The table was set very nicely with floral decorations. The girls were dressed in long skirts and really outdid themselves. Anyone who was invited and didn't go really missed something.

I wish I had more time to involve myself with more of the youth. I really feel fortunate and only wish more people would try - it's fun, relaxing and rewarding.

My heart goes out to the Sports Committee for the endless hours they are putting into

## MAINS TO BE FLUSHED

Mattapoisett home owners will notice that after 9 P.M., water may be rusty. Water Superintendent Charles Morgan has advised that old iron mains must be flushed to save them and to assure good water flow. In order to keep the inconvenience to a minimum, flushing will proceed after 9 P.M. on Mondays and Wednesdays for the next few weeks. It might be wise to fill a container with enough water for breakfast coffee and breakfast needs even though the water department officials hope that water will have cleared by morning for normal use.

## CORRECTION

Picture caption "Controversy Grows" in reference to Molly's Cove subdivision on Page 26, April 26th of the Presto, stating that town water was not available was in error. Town water mains terminate opposite the last lot of this subdivision and is available to this location according to Mr. Charles Morgan, superintendent of the Mattapoisett Water Department. We apologize for the error.
